SUMMARY

I am a highly motivated programmer with experience in web development, technical support, and networking. In my first role, I gained practical skills in building and maintaining websites, as well as troubleshooting and providing support. I also assisted in managing network infrastructure, ensuring smooth system performance and connectivity. I enjoy problem-solving and collaborating with teams to improve both user experiences and IT systems.

TECHNICAL SKILLS

Front-End Web Development	Accessibility	IT Troubleshooting
Back-end Web Development	Responsive Design	IT Networking
Full-stack Web Development	User Testing Tools	Programming

PROFESSIONAL EXPERIENCE
